INDEX OF SUBJECTS

- Abdomen:** emergencies in children, anaesthesia for (McCaughy), 616; injuries, anaesthetic management of, 45; intussusception in children, anaesthetic management for surgical correction of, 630; trauma in children, anaesthetic management for surgical correction of, 631
- Acid-base balance:** acidosis, a feature of open-heart surgery in children, 429; blood carbonic anhydrase activity—possible role in the production of acid-base imbalance in children and infants (Boutros & Woodford), 428; effects of methoxyflurane on, 449; physiology of, 429; post-thoracotomy, cause of, 437
- Acidosis, see** Acid-base balance
- Adeno-tonsillectomy:** endotracheal anaesthesia for, a modification of Doughty's technique (Webster), 66; methoxyflurane anaesthesia for, 382
- Adrenals:** adrenal medula, effect of induced hypotension on, 251; function of, in the burned patient, 504
- Alcoholism,** use of succinylcholine in treatment of, 508
- Alveolus,** diffusion of gases within, 74
- Anaesthesia**
- anaesthetic time/dose curves, a tool for comparing the potency of various anaesthetic drugs (Keéri-Szántó, Telmosse & Trop), 484
 - anaesthetics, precautions against ignition of flammable (Sereda & Morse), 122
 - central nervous system studies related to (Jenkins & others), 634
 - diffusion in (Sleath, Jenkins & Graves), 72, 73
 - effect of reduced sensory inflow on requirements (Jenkins & others), 634
 - endotracheal, for adeno-tonsillectomy, a modification of Doughty's technique (Webster), 66
 - epidural: in obstetrics (Letters to the Editor), 86, 87; in pyloromyotomy in infancy, 24
 - explosive hazards of (Sereda & Morse), 122
 - for abdominal emergencies in children (McCaughy), 616
 - for general surgical procedures in patients with aortic valvular disease (Jenkins, Dodds & Graves), 317
 - for pyloromyotomy in infancy (Conn), 18
 - for repair of cleft lips and cleft palates (Whalen & Conn), 585
 - general, induction of, in pyloromyotomy in infancy, 24
 - geriatric: complications, 574; fractured neck of the femur (Wyant & Cockings), 567
 - induction of: in abdominal emergencies in children, 619; in cases of reduced sensory inflow, 641; with methoxyflurane, 278, 381
 - local, induction of, in pyloromyotomy in infancy, 23
 - maintenance of: in abdominal emergencies in children, 619; in pyloromyotomy in infancy, 27
 - management: for aortic surgery, 10; of infants with tracheo-oesophageal fistula, 97; of severe injuries (Gilbert), 37
 - methoxyflurane (Penthane): administration, method of, 103; effect of epinephrine on the human heart during (Jacques & Hudon), 53; induction, 104; maintenance, 105; report of 1,200 cases (McCaffrey & Mate), 103; respiratory and haemodynamic effects of (Hudon & others), 442
 - myocardial infarction, complicating anaesthesia (Catton), 158
 - nomogram, Radford, adequacy of during (Gain), 491
 - obstetrical, methoxyflurane in, 281
 - paediatric, surgical correction of scoliosis by the Harrington method (Relton & Conn), 603
 - porphyria as a problem in (Lepinskie), 286
 - postanaesthetic liver complications in a general hospital (Keéri-Szántó & Lafleur), 531
 - production of, by electrical current, 516
 - pulmonary collapse during (Kyle), 550
 - technique of: for cancer perfusion (Stolar & Wynands), 48; in thoracic surgery (Dechêne), 148
 - use of phenazocine (Prinadol®) during, laboratory and clinical experience (Stephen & Macmillan), 217
- Anaesthesiology:** applications of gas chromatography to, gases and vapours (Zauder & Orkin), 228; first European Congress of, Proceedings, 315
- Anaesthetics, see** Anaesthesia and names of specific agents
- Anaesthetist,** role of, in prevention of mortality from burns (McCaughy), 501
- Aneurysms,** abdominal aortic, hypothermia in surgery of (McConnell, Dodds & Graves), 5
- Anoxia,** diffusion, anaesthetic gases and, 77
- Anti-emetics, see** Drugs and names of specific agents

Aorta

abdominal: complications during surgery, 7; hypothermia in surgery of (McConnell, Dodds & Graves), 5
insufficiency, 318, 320
stenosis, 318, 320
valvular disease: pathophysiology and anaesthetic management for general surgical procedures (Jenkins, Dodds & Graves), 317

Apparatus, anaesthetic, use of "disposed" plastic for (Spoerel), 407

Appendectomy, an abdominal emergency in children, 630

Asphyxia neonatorum, carbonic anhydrase activity in, 438

Atropine: and the electrical activity of the heart during induction of anaesthesia in children (Sagarminaga & Wynands), 328; cardiac effects of, 114; effect of, on cardiac rate and rhythm during methoxyflurane and halothane anaesthesia (McIntyre & Drummond), 343; for the reversal of curare-induced neuromuscular blockade (Gottlieb & Sweet), 114

Back, pain, following operation, role of anaesthetist in prevention (Ed.), 529

Blair, Allan Campbell (Obit.), 651

Block, *see* specific agents and techniques

Blood

acid-citrate-dextrose: clinical study of the use of T.H.A.M. for buffering, prior to use in extracorporeal bypass procedures (Elton, Gain & Moonie), 419; method of restoring normal pH in, by use of T.H.A.M. prior to transfusion, 422

loss: during cleft lip and cleft palate surgery, 592; during surgical correction of scoliosis by the Harrington method in children, 607

replacement, in severe injuries, 40

Blood pressure, effects of methoxyflurane on (Brassard & others), 264

Blood transfusion, in surgery of the abdominal aorta during hypothermia, 6

Book Reviews:

Brain Function and Metabolic Disorders, B. Wyke, 648

Clinical Anesthesia: Anesthesia for Emergency Surgery, Nicholas M. Greene (ed.), 525

Electrical Anesthesia, Robert H. Smith, 648

Electrical Measurements in Anaesthesiology, Henning Poulsen (ed.), 525

Halogenated Anesthetics, Joseph F. Artusio, Jr. (ed.), 414

Inhalation Anesthetics and Carbohydrate Metabolism, Nicholas M. Greene, 414

Local Analgesia: Abdominal Surgery, Sir Robert Macintosh and R. Bryce-Smith, 2nd ed., 302

The Lung, Clinical Physiology and Pulmonary Function Tests, J. H. Comroe, Jr., and others, 88

Lung Structure, Stefan Engel, 88

Medicine and the State, Matthew J. Lynch and Stanley S. Raphael, 648

Principles of Chest X-Ray Diagnosis, George Simon (ed.), 171

Recent Advances in Anaesthesia and Analgesia, C. Langton Hewer (ed.), 9th ed., 414

Thoracic Surgical Management, J. R. Belcher and M. F. Sturridge, 301

Vascular Surgery, John B. Kinmonth, Charles G. Rob, and Fiorindo A. Simeone, 301

Bradycardia, following injections: of phenazocine (Prinadol®), 225; of succinylcholine chloride, 514

Brain, effect of induced hypotension of, 250

Brain stem: anaesthesia and the reticular formation (Jenkins & others), 634; anatomical considerations of the reticular formation, 634; physiological considerations of the reticular formation, 634

Breast, mastectomy, performed during induced hypotension, 252

British Oxygen (Canada) Prize, *see* Canadian Oxygen Prize

Burns, role of the anaesthetist in preventing mortality from (McCaughy), 501

Canadian Anaesthetists' Society

Annual Meeting, 520; programme, 310

Medal, 411

membership list, 176

Ontario Division, preliminary programme, 518

Canadian Oxygen Prize, 216, 314, 417, 653

Cancer: inoperable, technique of anaesthesia for perfusion (Stolar & Wynands), 48; intractable pain of, intrathecal phenol block in treatment of (Gordon & Goel), 357

Carbon dioxide, diffusion of, 78

Carbonic anhydrase, activity in blood, role in the production of acid-base imbalance in children and infants (Boutros & Woodford), 428

Cardiac, *see* Heart

Cardiopulmonary bypass, clinical study on the use of T.H.A.M. for buffering A.C.D. blood prior to use (Elton, Gain & Moonie), 419

Cardiopulmonary system: disturbances of, in thoracic surgery, preoperative treatment, 151; effects of methoxyflurane (Penthrene) on, 107, 449; effects of phenazocine (Prinadol®) on, 217

- Carmichael, James Ernest (Obit.), 92
- Cesena, Countess of, case of internal combustion, 83
- Chest, crushing injuries, problems on anaesthesia in, 45, 152
- Chloroform, hepatotoxic effects of, compared with halothane in hypoxic dogs (Haley), 352
- Chromatography, application of, to anaesthesiology, gases and vapours (Zauder & Orkin), 228
- Clermont, Moise (Obit.), 308
- Combustion, internal (Whitby), 83
- Commissurotomy, postoperative complications in a patient with mitral (Garland), 168
- Curare, administration of atropine and neostigmine for reversal of curare-induced neuromuscular blockade (Gottlieb & Sweet), 114
- Cyclizine (Marzine), as an anti-emetic drug, 31
- Depression**, psycho-physiological bases of (Turnier), 297
- Diabetes**
acidosis in (Boutros), 395, clinical manifestations, 397; pathological physiology, 395; treatment, 397; water and electrolyte disturbances, 396
coma in, 395
- Dimenhydrinate (Gravol®), anti-emetic activity of, 31; compared with trifluoromazine (Vesprin®), perphenazine (Trilafon®), and trifluoperazine (Stelazine®) (Purkis & Ishii), 539
- Diverticulitis, Meckel's, in children, surgical correction, 631
- Drugs**
anti-emetic: effectiveness of, on post-anaesthetic vomiting (Purkis & Ishii), 539; use of, in treatment of postoperative vomiting (Seleny & Spoerel), 30
hypotensive, use of during electrical anaesthesia in dogs (Cameron & McIntyre), 516
neuroleptic, anaesthetic time/dose curves, data on and remarks about their action (Keéri-Szántó, Telmosse & Trop), 484
new, testing of (Ed.), 1
- Embolism**, fat, associated with severe injuries, 46
- Epinephrine: effect of, on the human heart during methoxyflurane anaesthesia (Jacques & Hudon), 53; use of, with methoxyflurane anaesthesia, 386
- Extracorporeal bypass, *see* Cardiopulmonary bypass
- Femur**, *see* Hip
- Fistula**
bronchopleural, problems of anaesthesia in, 154
tracheo-oesophageal: anatomy, 93; diagnosis, 93; embryology, 93; management of infants with (Wyant & Cram), 93
- Fluid, replacement in severe injuries, 40
- Frost, Violet E. (Obit.), 307
- Gall stones**: anaesthetic risks involved in patients with (Snow & Vandewater), 555; relationship to heart disease, 555
- Gases**
anaesthetic: analysis of, by gas chromatography (Zauder & Orkin), 228; and diffusion anoxia, 77; chemical analysis of, 228
gastric and intestinal, inflammability of (Whitby), 83
physics of diffusion of, 72
- Gravol®, *see* Dimenhydrinate
- Halothane**
anaesthesia: effect of atropine and neostigmine on cardiac rate and rhythm during (McIntyre & Drummond), 343; for controlled hypotension, 247
hepatotoxic effects of, compared with chloroform in hypoxic dogs (Haley), 352
liver complications following use in anaesthesia (Keéri-Szántó & Lafleur), 531
use of: in anaesthesia for abdominal emergencies in children, 623; in burned children, 505
- Head injuries, anaesthetic management of, 43
- Heart**
cardiac arrest, treatment by means of closed chest cardiac compression (Minuck), 259
cardiac arrhythmias during induction and maintenance of anaesthesia in children, 328
cardiac effects of atropine and neostigmine (Gottlieb & Sweet), 114
closed chest cardiac compression, complications of (Minuck), 259
congenital cardiac anomalies, management of the infant during and after surgery for repair (Dodds), 598
contractility, effects of methoxyflurane on (Brassard & others), 264
disease, relationship to gall bladder disease, 555
effect of epinephrine on, during methoxyflurane anaesthesia (Jacques & Hudon), 53

- observations on rate following injections of succinylcholine chloride, 511
- open-heart surgery, use of methoxyflurane (Penthrane), 110
- rate, effect of atropine and neostigmine on, during methoxyflurane and halothane anaesthesia (McIntyre & Drummond), 343
- rhythm: effect of atropine and neostigmine on, during methoxyflurane and halothane anaesthesia (McIntyre & Drummond), 343; effects of methoxyflurane on (Brassard & others), 264
- surgery: management of the infant during and after (Dodds), 598; problems of anaesthesia in, 152
- use of atropine in preventing disturbances in electrical activity during induction of anaesthesia in children (Sagarminaga & Wynands), 328
- Hernia, congenital diaphragmatic, surgical correction in the newborn, anaesthetic management, 627
- Hexabiscarbacholine (Imbretil), as a muscle relaxant in anaesthesia (Mostert), 241
- Hexafluorenum, use in reversing the depressant action of hexabiscarbacholine (Mostert), 241
- Hip: femur, fractured neck, a study in geriatric anaesthesia (Wyant & Cockings), 567; fracture, anaesthetic management in patients suffering from a recent myocardial infarction, 159
- Hospitals, accident services in (Gilbert), 37
- Hyaline membrane disease, carbonic anhydrase activity in, 438
- Hypothermia
as an anaesthetic adjunct: for "poor-risk" patients, 11; for shock, 11
complications associated with, in abdominal aortic surgery, 7, 14
value of, in surgery of the abdominal aorta (McConnell, Dodds & Graves), 5
- Hypotension
following use of anti-emetic drugs in control of postoperative vomiting, 545
induced: clinical use (Neily), 244; effect on adrenal medulla, 251; effect on brain, 250; effect on kidney, 249; effect on liver, 248; physiological changes associated with (Neily), 244; use of, in gynaecological surgery, 252; use of, in intracranial surgery, 253; use of, in mastectomy, 252; use of, in prostatectomies, 252; use of, in thoracic surgery, 253
- Hypoxia, comparison of the hepatotoxic effects of halothane and chloroform in hypoxic dogs (Haley), 352
- Imbretil, *see* Hexabiscarbacholine
- Infants
newborn: correction of congenital abdominal anomalies in, 625; tracheo-oesophageal fistula in (Wyant & Cram), 93
premature, significance of carbonic anhydrase activity in, 435
- Injuries: blood or fluid replacement in, 40; relief of pain in, 40; severe, anaesthetic management of (Gilbert), 37
- Intrathecal phenol block, in treatment of intractable pain of malignant disease (Gordon & Goel), 357
- Intubation, during anaesthesia for pyloromyotomy in infancy, 26
- Kidney, effect of induced hypotension on, 249
- Kippel-Feil syndrome, associated with cleft lips and cleft palates, 585
- Leriche syndrome, hypothermia in surgery of (McConnell, Dodds & Graves), 5
- Lip, cleft: anaesthetic management for repair (Whalen & Conn), 584; congenital malformations associated with, 585
- Liver: damage in hypoxic dogs, caused by halothane and chloroform (Haley), 352; effect of induced hypotension on, 248; postanaesthetic complications in a general hospital (Keéri-Szántó & Lafleur), 531
- Lung: abnormal, diffusion in, 79; normal, diffusion in, 74; pulmonary collapse during anaesthesia (Kyle), 550
- Magill, Sir Ivan Whiteside (Canadian Anaesthetists' Society Medal), 411
- Marzine, *see* Cyclizine
- Mediastinum, surgery, problems of anaesthesia in, 153
- Meetings, 174, 416, 652
- Meperidine, compared with phenazocine (Prinadol®) in anaesthesia, 217
- Methoxyflurane (Penthrane®)
action of ancillary drugs, 109
anaesthesia, effects of: atropine and neostigmine on cardiac rate and rhythm during (McIntyre & Drummond), 343; epinephrine on the human heart during (Jacques & Hudon), 53
analgesic qualities of (Lambie), 469
and epinephrine, 386
as an anaesthetic agent, a report of 1,200 cases (McCaffrey & Mate), 103
chemical properties of, 103
clinical experience with (McGarry), 380
effects upon: cardiac contractility, rhythmicity, and blood pressure in dogs (Brassard & others), 264; cardiovascular system, 107; respiratory system, 109

- for the management of pheochromocytoma (Bain & Woodford), 428
 physical properties of, 103
 respiratory and haemodynamic effects of (Hudon & others), 442
 symposium on (Hudon & others), 276
 use of, in open-heart surgery, 110
 use of relaxants with, 383
 vaporization of, 283
- Mitral stenosis, commissurotomy, postoperative complications in (Garland), 168
- Moss, John Kitchener (Obit.), 309
- Murphy, Harry A. L. (Obit.), 92
- Muscle relaxants: in anaesthesia for pyloromyotomy in infancy, 26; use with methoxyflurane anaesthesia, 383
- Muscle tension, following injections of succinylcholine chloride, 513
- Myocardial infarction, recent, an anaesthetic problem (Catton), 158
- Neck, stiff, following operation, role of anaesthetist in prevention of (Ed.), 529
- Neostigmine: cardiac effects of, 114; effect of, on cardiac rate and rhythm during methoxyflurane and halothane anaesthesia (McIntyre & Drummond), 343; reversal of curare-induced neuromuscular blockade with (Gottlieb & Sweet), 114
- Nervous system, central, experimental studies related to anaesthesia (Jenkins), 634
- News Letter: British Columbia, 303, 650; Manitoba, 172; Nova Scotia, 306; Ontario, 89, 304, 523; Quebec, 89, 304, 523; Saskatchewan, 89, 524, 650
- Nitrogen, diffusion of, 77
- Nomogram, Radford, adequacy of during anaesthesia (Gain), 491
- Obituaries: Allan Campbell Blair, 651; James Ernest Carmichael, 89; Moise Clermont, 308; Violet E. Frost, 307; John Kitchener Moss, 309; Harry A. L. Murphy, 89; Lawrence A. Stubensey, 307
- Oliguria, a complication of abdominal aortic surgery, 13.
- Omphalocele, in the newborn, anaesthetic management for surgical correction, 628
- Ontario Medical Association, Section of Anaesthesia, *see* Canadian Anaesthetists' Society, Ontario Division
- Operating room: electrical hazards in (Morse), 125; electrostatic hazards in (Sereda), 122
- Oxygen, diffusion, normal variations in, 76
- Pain, intractable in malignant disease, intrathecal phenol block in treatment of (Gordon & Goel), 357
- Palate, cleft: anaesthetic management for repair (Whalen & Conn), 584
 congenital malformation associated with, 585
- Paralysis, of movement and respiration following injections of succinylcholine chloride, 508
- Penthrane®, *see* Methoxyflurane
- Perphenazine (Trilafon®), anti-emetic activity of, compared with trifluopromazine (Vesprin®) trifluoperazine (Stelazine®), and dimenhydrinate (Gravol®) in postanaesthetic vomiting (Purkis & Ishii), 539
- Pheochromocytoma, methoxyflurane for the management of (Bain & Spoerel), 481
- Phenazocine (Prinadol®)
 combined with barbiturates for use in clinical anaesthesia, 217
 compared with meperidine in anaesthesia, 217
 effect: on cardiovascular system, 217, 223; on respiratory system, 217, 223
 laboratory and clinical experience with, during anaesthesia (Stephen & Macmillan), 217
- Phenol block, intrathecal; complications of, 360; techniques of, 361
- Pierre-Robin syndrome, associated with cleft lips and cleft palates, 585
- Plastic, use of "disposed," for construction of anaesthetic equipment (Spoerel), 407
- Pneumothorax, open, preoperative treatment of alterations and hazards of, in thoracic surgery, 151
- "Poor-risk" patient, hypothermia as an anaesthetic adjunct in surgery of, 11
- Porphyria; anaesthetic management of patients suffering from, 294; classification of, 289; description of, 290; pathology of, 291; a problem in anaesthesia (Lepinskie), 286; treatment of, 292
- Postoperative, *see* Surgery
- Pregnancy, analysis of ventilatory volumes in (Kerr), 137
- Prinadol®, *see* Phenazocine
- Prochlorperazine (Stemetil), as an anti-emetic drug, 31
- Prostatectomy, use of induced hypotension during, 253
- Pyloric stenosis, congenital hypertrophic: aetiology, 18; anaesthesia for pyloromyotomy (Conn), 18; clinical features, 19; pathology, 18; physiology, 19; preoperative preparation for pyloromyotomy, 21
- Pyloromyotomy: anaesthesia for, in infancy (Conn), 18; in infancy, complications of, 28

- Recovery Room:** analysis of deaths in, 143; length of patients' stay in, 145; postanesthetic (Gordon), 140; organization of, 144
- Renal, failure, a complication of abdominal aortic surgery, 13**
- Respiration:** calculation of requirements in children (Déry), 164; determination of adequate ventilation by Radford nomogram during anaesthesia (Gain), 491; diffusion, mass flow of gases and, 73; method of determining adequate, 492; Wright respirometer as a ventilation meter, 495
- Respiratory system**
 effect of: methoxyflurane (Penthane) on, 109, 447; phenazocine (Prindol®) on, 217
 in cases of congenital hypertrophic pyloric stenosis, 22
- Royal College of Physicians and Surgeons of Canada, Examination results, 173**
- Scoliosis:** in children, anaesthesia for the surgical correction by the Harrington method (Relton & Conn), 603; hypothermia as an anaesthetic adjunct in cases of, 11
- Spine, injuries, anaesthetic management of, 44**
- Stelazine®, see Trifluoperazine**
- Stemetil, see Prochlorperazine**
- Stenosis, pyloric, in the newborn, anaesthetic management for surgical correction of, 629**
- Stubensay, Lawrence A. (Obit.), 307**
- Succinylcholine: chloride, effects of, in conscious human subjects (Vandewater & others), 508; in anaesthesia for abdominal emergencies in children, 621; in the burned patient, 504; in treatment of alcoholism, 508**
- Surgery**
 experimental, trichlorethylene anaesthesia in, with cats (Johnstone, Macartney & Jackson), 390
 gynaecological, performed during induced hypotension, 252
 intracranial, performed during induced hypotension, 253
 postoperative: care of cleft lips and cleft palates, 593; complications in surgery of abdominal aorta, 8; management of infants with tracheo-oesophageal fistula, 99
 tracheo-oesophageal fistula in infants, 97
- T.H.A.M., clinical study of the use of, for buffering A.C.D. blood prior to use in extracorporeal bypass procedures (Elton, Gain & Moonie), 419**
- Thiethylperazine (Torecan®), a clinical investigation of a new anti-emetic drug (Taylor & Stoelting), 57**
- Thiopentone, effects on the electroencephalogram, 639**
- Thorax surgery: anaesthetic techniques in (Dechêne), 148; general problems of thoracic anaesthesia, 150; management of the paediatric surgical patient, 154; performed during induced hypotension, 253**
- Tigan, see Trimethobenzamide**
- Tonsillectomy, see Adeno-tonsillectomy**
- Torecan®, see Thiethylperazine**
- Trichlorethylene, anaesthesia for experimental surgery in cats (Johnstone, Macartney & Jackson), 390**
- Trifluoperazine (Stelazine®), anti-emetic activity of, compared with trifluopromazine (Vesprin®), perphenazine (Trilafon®), and dimenhydrinate (Gravol®) in postanesthetic vomiting (Purkis & Ishii), 539**
- Trifluopromazine (Vesprin®), anti-emetic activity of, compared with perphenazine (Trilafon®), trifluoperazine (Stelazine®), and dimenhydrinate (Gravol®) in postanesthetic vomiting (Purkis & Ishii), 539**
- Trilafon®, see Perphenazine**
- Trimethobenzamide (Tigan), as an anti-emetic drug, 31**
- Vapours, anaesthetic, analysis of, by gas chromatography (Zauder & Orkin), 228**
- Ventilation, see Respiration**
- Ventilators: laboratory evaluation and study of, 366; mechanical, an assessment of two machines for use in the operating room (Fairley & Hunter), 364; operating room evaluation of, 376**
- Vesprin®, see Trifluopromazine**
- Vomiting, postoperative: effectiveness of anti-emetic drugs in control of (Purkis & Ishii), 539; observations on (Seleny & Spoerel), 30**

CONTENTS

VOLUME 10, 1963

CONTENTS

VOLUME 10

Number 1, January, 1963

Editorial: The Testing of New Drugs/L'Epreuve des nouveaux médicaments	GORDON M. WYANT	1
The Value of Hypothermia in Surgery of the Abdominal Aorta	J. A. McCONNELL, M.D., W. A. DODDS, M.D., AND H. B. GRAVES, M.D., C.M.	5
Anaesthesia for Pyloromyotomy in Infancy	A. W. CONN, M.D., B.SC.(MED.), F.R.C.P.(C), F.A.C.A.	18
Observations on Postoperative Vomiting	F. L. SELENY, M.D., AND W. E. SPOEREL, M.D., F.R.C.P.(C)	30
Anaesthetic Management of Severe Injuries	R. G. B. GILBERT, M.B., F.R.C.P.(C), F.F.A.R.C.S.	37
A Technique of Anaesthesia for Cancer Perfusion	S. H. STOLAR, M.D., AND J. E. WYNANDS, M.D.	48
Effect of Epinephrine on the Human Heart during Methoxyflurane Anaesthesia	ANDRÉ JACQUES, M.D., F.R.C.P.(C), AND FERNANDO HUDON, M.D., F.R.C.P.(C)	53
Action de l'adrénaline sur le coeur humain au cours de l'anesthésie au méthoxyflurane	ANDRÉ JACQUES, M.D., F.R.C.P.(C), ET FERNANDO HUDON, M.D., F.R.C.P.(C)	55
Thiethylperazine: A Clinical Investigation of a New Anti-emetic Drug	CYRIL TAYLOR, M.D., AND VERGIL K. STOELTING, M.D.	57
Endotracheal Anaesthesia for Adeno-tonsillectomy: A Modification of Doughty's Technique	A. C. WEBSTER, B.SC., M.B., CH.B., F.F.A.R.C.S.	66
Diffusion in Anaesthesia	G. W. SLEATH, B.A., M.D., LEONARD C. JENKINS, B.A., M.D., C.M., F.R.C.P.(C), AND H. B. GRAVES, B.A., M.D., C.M.	72
Internal Combustion	J. D. WHITBY, M.A., M.B., F.F.A.R.C.S.	83
Letters to the Editor		86
Book Reviews		88
News Letter		89
Obituary		92

Number 2, March, 1963

The Management of Infants with Tracheo-oesophageal Fistula	
GORDON M. WYANT, F.R.C.P.(C), F.F.A.R.C.S., and ROBERT W. CRAM, F.R.C.S.(C)	93
Methoxyflurane (Penthrane): A Report of 1,200 Cases	
F. W. McCAFFREY, M.D., and MARIA J. MATE, M.D.	103
The Antagonism of Curare: The Cardiac Effects of Atropine and Neostigmine	
JOEL D. GOTTLIEB, M.D., and ROBERT B. SWEET, M.D.	114
Precautions against Ignition of Flammable Anaesthetics. I. Electrostatic Hazards in the Operating Theatre. II. Electrical Hazards in the Operat- ing Theatre	
P. J. SEREDA and A. R. MORSE	122
Précautions à prendre contre l'inflammation des anesthésiques inflammables. I. Les risques de l'électricité statique dans les salles d'opération. II. Les risques de l'électricité dans les salles d'opération	
P. J. SEREDA et A. R. MORSE	129
An Analysis of Ventilatory Volumes in Pregnancy	
JAMES H. KERR, M.A., M.B., B.CHIR., F.R.C.P.(C)	137
The Postanaesthetic Recovery Room	
R. A. GORDON, B.SC., M.D., F.R.C.P.(C), F.F.A.R.C.S.	140
Anaesthetic Techniques in Thoracic Surgery	J.-P. DECHÈNE, M.D. 148
Anaesthesia and Recent Myocardial Infarction	D. V. CATTON, M.D. 158
A Simple Method of Calculating Ventilatory Requirements in Children	
RAYNALD DÉRY, M.D., F.R.C.P.(C)	164
Détermination par une méthode simple des normes de ventilation chez l'enfant	
RAYNALD DÉRY, M.D., F.R.C.P.(C)	166
A Postoperative Complication in a Patient with a Mitral Commissurotomy	
J. M. BOYD GARLAND, M.B., CH.B.	168
Book Reviews	171
News Letter	172
Examination Results	173
Meetings	174
Canadian Anaesthetists' Society Membership List, 1963	176
Canadian Oxygen Prize	216

Number 3, May, 1963

Laboratory and Clinical Experience with Phenazocine during Anaesthesia C. R. STEPHEN, M.D., AND ROBERT W. MACMILLAN, M.D.	217
Applications of Gas Chromatography to Anaesthesiology. 1. Gases and Vapours HOWARD L. ZAUDER, M.D., PH.D., AND LOUIS R. ORKIN, M.D.	228
L'Hexafluorenum, antagoniste de l'hexabiscarbacholine dans l'anesthésie chez l'humain J. W. MOSTERT, M.B., CH.B., F.F.A.R.C.S.(ENG.), D.A.	241
Physiological Changes with Induced Hypotension, Present Status of Clinical Use S/L H. H. NEILY, M.D.	244
Complications of Closed Chest Cardiac Compression M. MINUCK, M.D.	259
Methoxyflurane: Effects upon Cardiac Contractility, Rhythmicity, and Blood Pressure in Dogs ROGER BRASSARD, M.D., CLAYTON A. JOHNSON, B.S., JOSEPH J. BUCKLEY, M.D., AND JAMES H. MATTHEWS, M.D.	264
Symposium on Methoxyflurane FERNANDO HUDON, M.D., F.R.C.P.(C), ANDRÉ JACQUES, M.D., F.R.C.P.(C), MARCEL CLAVET, M.D., JEAN-JACQUES HOUE, M.D., JACQUES PELLETIER, M.D., AND MAURICE TRAHAN, M.D.	276
Porphyria as a Problem in Anaesthesia F. F. LEPINSKIE, M.D., C.M.	286
Bases psycho-physiologiques de la douleur H. TURNIER, M.D.	297
Book Reviews	301
News Letter	303
Obituaries	307
Canadian Anaesthetists' Society, Annual General Meeting	310
Canadian Oxygen Prize	314
Proceedings, First European Congress of Anaesthesiology	315

Number 4, July, 1963

Aortic Valvular Disease: Pathophysiology and Anaesthetic Management for General Surgical Procedures	
LEONARD C. JENKINS, B.A., M.D., C.M., F.R.C.P.(C), W. A. Dodds, M.D., AND H. B. GRAVES, B.A., M.D., C.M., F.R.C.P.(C)	317
Atropine and the Electrical Activity of the Heart during Induction of Anaesthesia in Children.	J. SAGARMINAGA, M.D., AND J. E. WYNANDS, M.D. 328
The Effect of Atropine and Neostigmine on Cardiac Rate and Rhythm during Methoxyflurane and Halothane Anaesthesia	J. W. R. MCINTYRE, F.F.A.R.C.S., AND G. DRUMMOND, M.B., B.CH. 343
Comparison of the Hepatotoxic Effects of Halothane and Chloroform in Hypoxic Dogs	FRANK C. HALEY, M.D. 352
Intrathecal Phenol Block in Treatment of Intractable Pain of Malignant Disease	R. A. GORDON, B.SC., M.D., F.R.C.P.(C), F.F.A.R.C.S., AND SHASHI B. GOEL, M.B., B.S. 357
Mechanical Ventilators: An Assessment of Two New Machines for Use in the Operating Room	H. BARRIE FAIRLEY, M.B., B.S., F.F.A.R.C.S., AND DOUGLAS D. HUNTER, M.D. 364
Clinical Experience with Methoxyflurane (Penthrane®)	P. M. F. MCGARRY, M.B., B.CH., D.A. (IRELAND AND ENGLAND), F.F.A.R.C.S.I. 380
Trichlorethylene Anaesthesia for Experimental Surgery with Cats	F. R. C. JOHNSTONE, M.B., M.SC., F.R.C.S.(ED.), F.A.C.S., H. H. MACARTNEY, M.B., F.R.C.P.(C), AND G. W. JACKSON 390
Diabetic Acidosis	AZMY R. BOUTROS, M.B., CH.B., D.A., F.F.A.R.C.S. 395
L'Acidose diabetique	AZMY R. BOUTROS, M.B., CH.B., D.A., F.F.A.R.C.S. 401
The Use of "Disposed" Plastic	WOLFGANG E. SPOEREL, M.D., F.R.C.P.(C) 407
Canadian Anaesthetists' Society Medal	411
Book Reviews	414
Meetings	416
Canadian Oxygen Prize	417

Number 5, September, 1963

A Clinical Study on the Use of T.H.A.M. for Buffering A.C.D. Blood Prior to Use in Extracorporeal Bypass Procedures	
C. D. ELTON, M.D., E. A. GAIN, M.D., AND G. MOONIE, M.D.	419
Blood Carbonic Anhydrase Activity—A Possible Role in the Production of Acid-Base Imbalance in Children and Infants	
A. R. BOUTROS, F.F.A.R.C.S., AND V. R. WOODFORD, PH.D.	428
Respiratory and Haemodynamic Effects of Methoxyflurane Anaesthesia	
F. HUDON, M.D., F.R.C.P.(C), F.F.A.R.C.S., A. JACQUES, M.D., F.R.C.P.(C), R. DÉRY, M.D., F.R.C.P.(C), J. ROUX, M.D., AND J. MÉNARD, M.D.	442
Effets respiratoires et hémodynamiques de l'anesthésie au méthoxyflurane	
F. HUDON, F.R.C.P.(C), F.F.A.R.C.S., A. JACQUES, F.R.C.P.(C), R. DÉRY, F.R.C.P.(C), J. ROUX, M.D., ET J. MÉNARD, M.D.	460
The Analgesia of Methoxyflurane	RONALD S. LAMBIE, D.A., F.A.C.A., F.I.C.S. 469
L'Analgésie du méthoxyflurane	RONALD S. LAMBIE, D.A., F.A.C.A., F.I.C.S. 475
Methoxyflurane for the Management of Pheochromocytoma	
J. A. BAIN, M.D., AND W. E. SPOEREL, M.D., F.R.C.P.(C)	481
Anaesthetic Time/Dose Curves. V. Data on Neuroleptic Drugs with Remarks about Their Action	MICHAEL KEËRI-SZANTÒ, M.D., FRANCOIS TELMOSSE, M.D., AND DAVY TROP, M.D. 484
The Adequacy of the Radford Nomogram during Anaesthesia	E. A. GAIN, M.D. 491
Burn Mortality and the Anaesthetist	T. J. MCCaughey, M.B., B.Ch., D.A. 501
Some Effects of Succinylcholine Chloride in Conscious Human Subjects	
S. L. VANDEWATER, M.D., F.R.C.P.(C), S. G. LAVERTY, M.B., CH.B., DUGAL CAMPBELL, PH.D., AND R. E. SANDERSON, PH.D.	508
The Use of Hypotensive Drugs during Electrical Anaesthesia in Dogs	
D. F. CAMERON, M.D., AND J. W. R. MCINTYRE, F.F.A.R.C.S.	516
Preliminary Programme, Ontario Division Meeting	518
News Letter	520
Book Reviews	525
Meetings	527
Canadian Oxygen Prize	528

Number 6, November, 1963

Editorial: On Sore Backs and Stiff Necks/Les Douleurs dorsales et les Raideurs de la Nuque	529
Postanaesthetic Liver Complications in a General Hospital: A Statistical Study	531
MICHAEL KEÉRI-SZÁNTÓ, M.D., AND FRANCOIS LAFLEUR, M.D.	
The Effectiveness of Anti-emetic Agents: A Comparison of the Anti-emetic Activity of Trifluopromazine (Vesprin®), Perphenazine (Trilafon®), and Trifluoperazine (Stelazine®) with that of Dimenhydrinate (Gravol®) in Postanaesthetic Vomiting	
I. E. PURKIS, M.B., B.S., F.F.A.R.C.S. (ENG), AND M. ISHII, M.D.	
Acute Pulmonary Collapse—A Case Report	539
W. D. KYLE, M.D.	
Gall-Stones and Anaesthetics	
R. E. SNOW, M.B., B.CH., BAO., AND S. L. VANDEWATER, M.D., F.R.C.P. (C)	
A Study in Geriatric Anaesthesia—Fractured Neck of the Femur	555
GORDON M. WYANT, F.R.C.P. (C), F.F.A.R.C.S., AND EDWARD C. COCKINGS, M.B., CH.B.	
Anaesthetic Management for Repair of Cleft Lips and Cleft Palates	
J. S. WHALEN, M.D., F.A.A.P., AND A. W. CONN, M.D., B.SC. (MED), F.R.C.P. (C), F.A.C.A.	
Management of the Infant during and after Cardiac Surgery	584
W. A. DODDS, M.D.	
Anaesthesia for the Surgical Correction of Scoliosis by the Harrington Method in Children	
J. E. S. RELTON, M.B., B.S., D.A., F.F.A.R.C.S., AND A. W. CONN, M.D., B.SC., F.R.C.P. (C), F.A.C.A.	
Anaesthesia for Abdominal Emergencies in Children	603
T. J. McCAUGHEY, M.B., B.CH., D.A.	
Experimental Central Nervous System Studies Related to Anaesthesia: Clinical Implications. I. Anaesthesia and the Brain Stem Reticular Formation. II. Effect of Reduced Sensory Inflow on Anaesthetic Requirements	
LEONARD C. JENKINS, B.A., M.D., C.M., F.R.C.P. (C), GEORGE M. LING, M.A., PH.D., JAMES G. FOULKS, M.D., PH.D., AND G. S. PENROSE, M.D., C.M.
